PRODUCTS, SERVICE & SUPPORT FOR THE TRADE PROFESSIONAL

Building Products

THE COMPANY

Since 1979, the Imperial Manufacturing Group of companies have strived to supply their customers with the highest quality of products and service.

Imperial Building Products, a member of the Imperial Manufacturing Group, has a proven reputation as one of Canada's leading manufacturers of quality engineered products for the construction industry.

From the Imperial manufacturing facility in Richibucto, N.B., Imperial Building Products manufacture a distinctive range of everyday items for the renovation and new commercial construction industries.

THE PRODUCTS

As an alternative to wood, Imperial steel studs and tracks are lightweight, easy to install and will never warp or shrink. Combined products including drywall trim, cornerbead, galvanized and aluminum roof starter strip, drop ceiling T-Bar and a complete line of related accessories make Imperial a leading building products manufacturer.
